

## What Will I Learn?

At Boulder Creek, we consider choir to be a rigorous academic course that doesn't happen to involve much homework. You will NOT take singing tests in front of other students – they will be in a private, friendly room. I work hard with my students to help them become independent musicians by teaching:

- Music Reading Skills
- Healthy & Efficient Use of the Voice
- Ear Training
- Different Choral Styles
- Leadership skills
- Working as a Group

## Student Testimonies:

"Until very recently, I did not really believe that I even had the ability to sing. In Choir, I unlocked that hidden talent, and for that I am so grateful. The gift of being able to sing is something that I will continue to develop for the rest of my life."

Jacob B. Class of 2011

"I never thought I was able to sing like I do now, and I am more confident about myself."

Andrea O. Class of 2014

"Choir has improved my confidence and I learn something new everyday. Being in choir has confirmed that I want to have a career in music and has motivated me to get vocal lessons so I can strive to be the best that I can."
